## 12. PARTNERSHIP STATEMENT TO THE FULL APPLICATION FORM

A partnership is a relationship of substance between two or more organisations involving shared responsibilities in undertaking the project funded by the Managing Authority. To ensure that the project runs smoothly, the Managing Authority requires all beneficiaries to acknowledge this by agreeing to the principles of good partnership practice set out below.

1. All beneficiaries must have read the full application form and understood what their role in the project will be before it is submitted to the JTS-IB.
2. All beneficiaries must have read the standard grant contract and understood what their respective obligations under the contract will be if the grant is awarded. They authorise the lead beneficiary to sign the contract with the Managing Authority and represent them in all dealings with the Managing Authority in the context of the project's implementation.
3. The lead beneficiary must consult with other project's beneficiaries regularly and keep them fully informed of the progress of the project.
4. All beneficiaries must co-operate during preparation of reports on project implementation (collect and exchange respective documents, provide input to the reports, etc.) and receive copies of the reports submitted to the JTS-IB/ Managing Authority.
5. Proposals for substantial changes to the project (e.g. activities, beneficiaries, etc.) should be agreed by the beneficiaries before being submitted to the JTS-IB/ Managing Authority.
6. Where no such agreement can be reached, the lead beneficiary must indicate this when submitting changes for approval to the JTS-IB/ Managing Authority.

I have read and approved the contents of the proposal submitted to the JTS-IB. I undertake to comply with the principles of good partnership practice.
